

These are different tabs  
(panels)

☒ OVERVIEW MODE      ☐ Analysis Mode

Dropdown:  
Includes: Sex, mom\_edu, dad\_edu,  
weekend\_alc, weekday\_alc,  
health, fam\_support, other variables etc.

Boxplot of Grades based on Factor

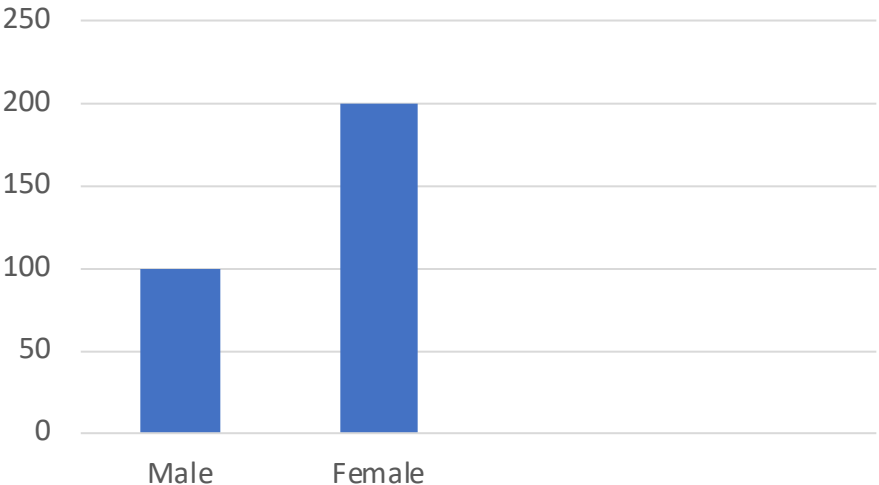

Select a factor

- ☒ Final Grades
- ☐ Term 2 Grades
- ☐ Term 1 Grades

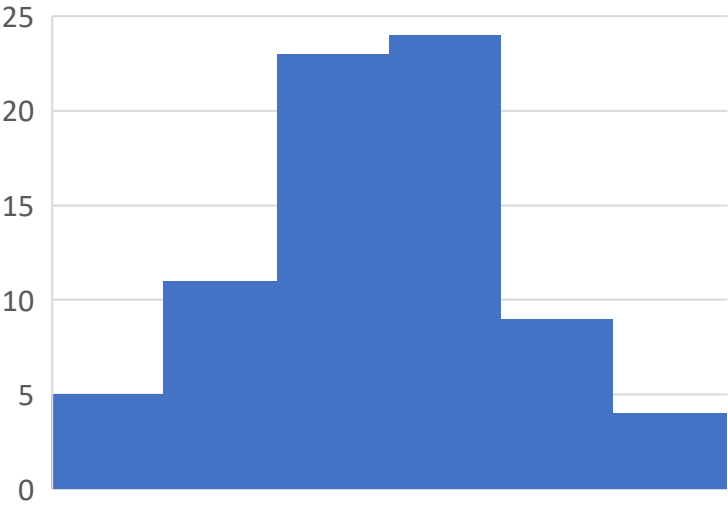

Select Plot

- ☒ Boxplot
- ☒ Histogram
- ☒ Demographic Bar Chart

Amount of Students in each Level  
of the Factor-ex. Sex

Histogram of Grades

These are different tabs  
(panels)

☐ OVERVIEW MODE

☒ Analysis Mode

Only includes certain variable like  
weekend\_alc, weekday\_alc, maternal education,  
mainly numerically coded variables

Select Variable to plot by (x)

Weekend\_alc

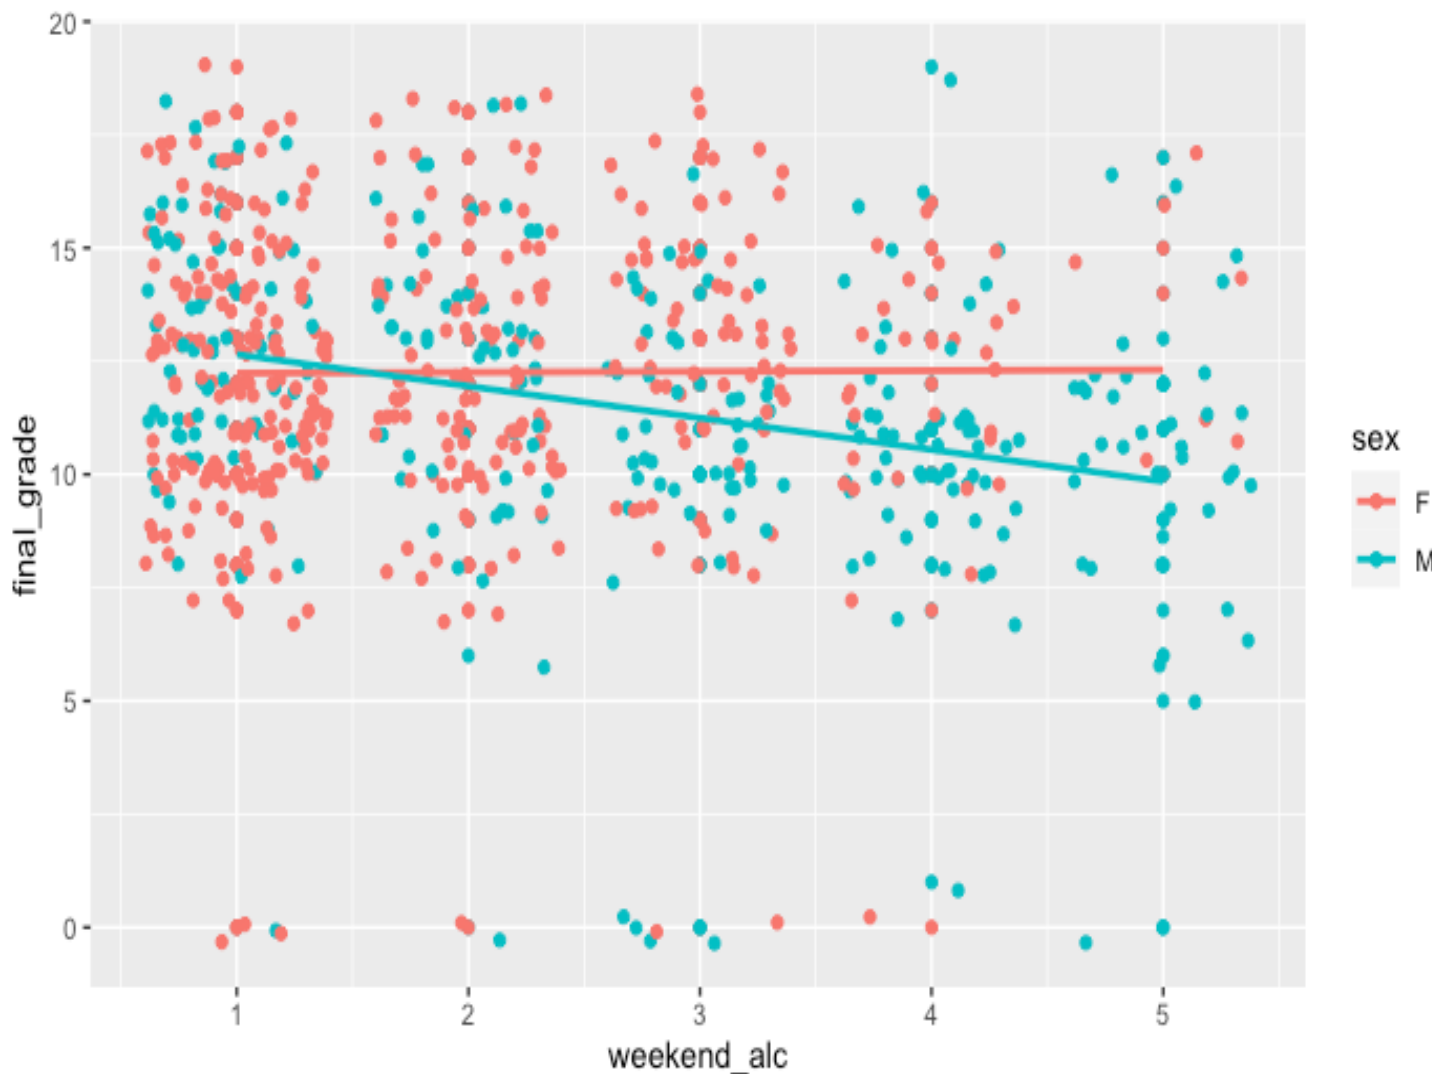

Which Grade?(y)

- ☒ Final Grades
- ☐ Term 2 Grades
- ☐ Term 1 Grades

☒ Colour by a Variable?

Sex

Only includes certain variables such as  
Sex, family support (mainly yes/no-->  
binary to improve ease of reading)

A scatterplot of the variables selected with a linear model fitted line of the selected variable
